

Motorola i560 SIM Card Replacement

Where to insert and install a SIM card.

Written By: Ariel

INTRODUCTION

To begin using this phone, insert the SIM Card into the slot by following the instructions below.

Step 1 — Battery

- Place thumb on the rubber tab on the lower back of the phone.
- Push away from the phone to release back panel.

Step 2

- Lift the back panel of the phone to expose battery (not shown here).

Step 3 — SIM Card

- Locate the lock in the middle of the metal plate.
- Place thumb on lock and slide to the right side of the phone to expose the SIM card.

To reassemble your device, follow these instructions in reverse order.
